The Illinois Employee Classification Act seeks to penalize and punish any individual or entity that misclassifies any worker as an "independent contractor" on construction related projects.

In just 2 extremely valuable hours, you will gain a deep understanding (in plain English!) of many issues including:

- What is happening currently to companies who are audited by the IDOL
How the law severely impacts construction, landscaping, flooring, trucking, remodeling, etc.
What damage organized labor can and will do to Illinois employers under the new law
How this harsh law may be enforced through private lawsuits and Department of Labor audits
How the law relates to prevailing wage, the IDES, workers' comp, etc.
What your company can do to avoid both civil & criminal penalties and damages
What you can do to help strengthen independent contractor status with your workers and avoid a crisis!

Amazingly Low Cost: \$50.00 for the first person; \$25.00 for the second person from the company; and \$20.00 for each additional person from your company
Includes great materials, coffee, juice and coffee cake

Note: Number of registrants limited - Sign-up early!
